The Disaster Management Information Centre is the information hub of the Ministry of Food and Disaster Management for risk reduction, hazard early warnings and emergency response and recovery activities

WEATHER FORECAST (VALID FOR 24 HOURS COMMENCING 09 AM TODAY)

Synoptic Situation: The land depression over Tangail, Mymensingh and adjoining Sirajganj moved Northwesterly direction, weakened into a low and became unimportant. Monsoon Axis runs through West Bengal, northern part of Bangladesh and thence to Assam. One of its associated troughs extends to Northeast Bay. Monsoon is fairly active over Bangladesh and moderate over North Bay.

Forecast: Light to moderate rain/T. showers accompanied by tempo. Gustly / squally wind is likely to occur at a few places over Rajshahi, Dhaka, Khulna, Barisal, Chittagong and Sylhet divisions with moderately heavy falls at places over the country.

Day temperature may rise by 1-4⁰ C over the country.
